DAY
1

Set up camp. Great options include **Panther Creek State Park, Cherokee Lake Campground (dam)** or one of the many TVA islands. Island camping is primitive, but requires no reservation or fees. Simply boat out and set up. Leave No Trace Principles are enforced. Take a hike across **Cherokee Dam** for some of the most amazing sunset photos.

DAY
2

Head out for a **day on the lake**. Boats and kayaks can be rented nearby. Or bring your own watercraft and launch from a public ramp. **Paddle, and cruise** the scenic waterway. Pack a lunch and your binoculars. Over **125 species of birds** have been observed including osprey, eagles, blue heron, turkey, and wintering waterfowl. Head back to camp and make a meal.

DAY
3

Schedule an early morning **fishing trip**. Cherokee Lake is one of the **top 100 BASS fishing lakes** in the US, but striper fishing is one of the most family, fun experiences. Head back to camp to say goodbye to a great lake weekend or simply rent a pleasure boat with **H2O sports**.
